MATCHING DONATIONS

We all know the incredible impact that Scouting can have on young lives. It teaches valuable life skills, fosters a sense of community, and instills a strong sense of responsibility and leadership. As we approach the season of giving, you have an incredible opportunity to magnify your impact of your individual contributions to the Scouting programs. One powerful way to amplify your contribution is by asking your employer to match your donation to Scouts.

Why Matching Donations Matter

Many companies have charitable giving programs in place, offering to match their employee's charitable donations to eligible non-profit organizations like Scouts. This means that your financial contribution can be effectively doubled, providing even more resources to enhance Scouting experiences for youth in our community.

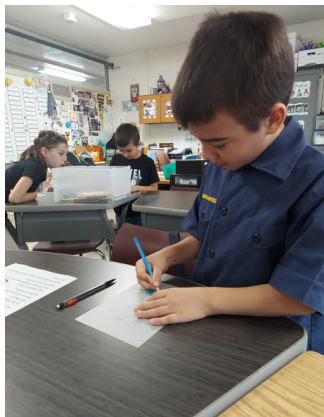

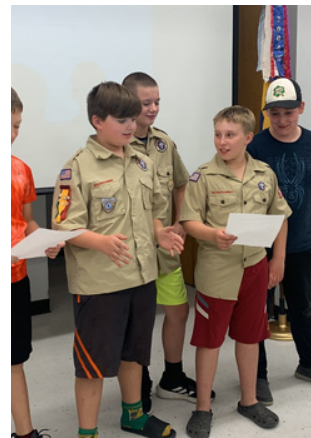

Want to check if your employer may match your donation?

Visit <https://scoutsiowa.org/support-scouting-2/> and scroll to the Employer Match section, and type in your employer.
